Dear Herman,

Thanks for your note and especially for your words of encouragement. Yes, I think the results of hanging in are beginning to show. I feel much more relaxed with the situation in the Agency and the Intelligence Community than at any time since I took over.

We need about three weeks adequately to publicize to our employees that you are going to talk here. If we may, let's leave it that 24 October will be the cut-off for a 14 November talk. If you have to be in California for that one, we'll hope we can work something out in December or January.

All the best.

Yours,

STANSFIELD TURNER

Mr. Herman Wouk
